Election/Restrictions

3. Restriction to one of the following inventions is required under 35 U.S.C. 121:

 - II. Claim ¹⁹~~18~~-22, drawn to Method of Fabricating of semiconductor, classified in class 438, subclass 29.
4. The inventions are distinct, each from the other because of the following reasons: Inventions I is related to device and apparatus, while Invention II is related to a process of making a product. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, and since the fields of search are not coextensive, restriction for examination purposes as indicated is proper.
